

Taking a proactive lead in propelling the interior design industry into the forefront of the Malaysian economy, Interiors Malaysia is organised by Institut Perekabentuk Dalamana Malaysia (IPDM)/Malaysian Society of Interior Designers (MSID) and Expomal International for the industry. The 3 days event aims to showcase the success of the interior design industry with an inherent multi-cultural and multi-expression nature that give rise to multitudes of stylish regional preference and expressions. Coupled with interactive seminars and workshops, young designer's competition and a high-profiled networking session, this event sets to be the most important event of the year for the industry.
